Focused Cardiac Ultrasound (FoCUS) Workshop

A 1-day Workshop on Focused Cardiac Ultrasound (FoCUS) that represents the in-person component of the WINFOCUS FoCUS® Course is based on WINFOCUS' 15 years of teaching experience around the globe.

The course is designed for critical care and emergency physicians, anesthesiologists, acute cardiac care clinicians, and healthcare providers dealing with cardiovascular emergencies.

The course covers limited transthoracic echocardiography (TTE) in cardiac arrest, peri-resuscitation, shock, and unstable patients. It follows the International Evidence-Based Recommendations for Focused Cardiac Ultrasound and prepares participants for WINFOCUS FoCUS® International Certification.

The 2022 edition includes a flipped classroom format with mandatory pre-course e-learning, six hours of hands-on training, and a trainer-to-trainee ratio of 1:5.

Registration

- Pre-course e-Learning
- 1-day course attendance**
- 2 months post-course e-Learning
- Certificate of attendance
- Prerequisite for FoCUS International Certification
